Subject: ANNOUNCEMENT OF DISTRIBUTION OF TMC TRANSFORMERS

IMG Industries Inc. is pleased to announce that as of February 18, 2020, we have been approved as the West Canadian distributor for TMC transformers.

About TMC Transformers (www.tmctransformers.com)

TMC TRANSFORMERS is a European company and global leader in the manufacture of medium and low voltage transformers, both VPI and Cast Resin transformers. Top class products for both standard and tailor-made solutions.

DISTRIBUTION TRANSFORMERS

TMC manufactures distribution transformers both with standard and reduced losses, from 160kVA to 3150kVA with system voltages up to 36kV:

- STANDARD LOSSES SERIES
- REDUCED LOSSES SERIES
- COPPER WINDINGS SERIES
- VPI (VACUUM PRESSURE IMPREGNATION)
- ECO-FRIENDLY SERIES
- ACCESSORIES

SPECIAL TRANSFORMERS

TMC designs and manufactures special transformers with power ratings up to 25MVA and system voltages up to 25MVA and system voltages up to 52kV for marine & offshore, heavy industry and power generation.

Compliant to the following industry standards:

- NRCAN SOR/2018-201 Amd.14
- IEEE C57.12.01, C57.12.50, C57.12.51, CS57.12.59, C57.12.70, C57.12.91, C57.12.96, C57.124
- DOE 10 CFR Part 431, DOE 2016 levels
- CSA C22.2 No.47, CSA C9-17
- UL1562

About IMG Industries Inc. (www.imgpowersystems.com)

IMG INDUSTRIES INC. specializes in the Design and Manufacture of Industrial Electrical Equipment for various industries including Mining, Construction, Oil & Gas, Power Utilities and other.

Many of IMG products incorporate medium voltage transformers; many of which are supplied by TMC. IMG manufacturers equipment to the highest quality and we expect the same from our suppliers, therefore, IMG has found that TMC product workmanship and quality are unmatched by other manufacturers. TMC has also exceeded IMG's expectations in respect to lead-time and costs. These factors have brought IMG to consider and subsequently acquire a TMC product distributorship in Western Canada, further enhancing delivery and costs.
